LAYOUT GUIDELINES

Ceiling Clearance: 90" minimum ceiling height

Wall Offset: 18" from wall to center of first bike

Spacing: 18" between trays, on-center

Loading Aisle:

-4 Bike: 47" for bikes and an additional 36" for loading

-8 Bike: 42" for bikes and an additional 36" for loading

SPACE REQUIREMENTS ARE BASED
ON RUDY RACK STANDARDS. LOCAL
ORDINANCES AND ADA REQUIREMENTS
MAY VARY BY LOCATION.

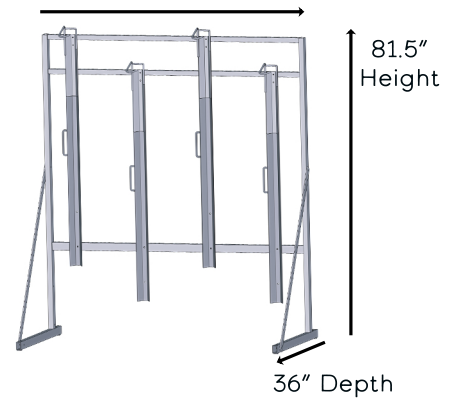

With the Free Max, you can store up to eight bicycles vertically for easy access and removal. Trays are mounted at alternating heights to minimize interference between handlebars and pedals.

Against a wall, the rack can store four bikes. It can also be used in aisles where it can be accessed on both sides, holding eight bicycles.

Trays are spaced 18" apart, on-center.
The hook is 2.75" wide; covered in vinyl tubing.
